Attending this event will give you the chance to meet world-class Paralympians and see first hand the impact you have on so many people through the products you sell. Like others who have shared this experience, you will walk away profoundly changed in the way you view the world of disability.

CE #1 (LTD Value Proposition)- Why LTD is important for employees.

CE #2 (US Paralympic Athlete)- Where the rubber hits the road: The impact of Disabilities and the power of Ability.
